Alumni Speak...

The 2 years of my life at IBS Ahmedabad were most enriching year of my life. IBS Ahmedabad guided me to focus my energy and efforts into the domain of my interest and was in line with my personal skill sets. The most fulfilling aspect was to be perpetually guided towards attaining practical knowledge of subjects. Earning my PGPM from IBS is one of my proudest accomplishments and the experience helped me grow as an individual, and gave me the knowledge and skills I needed for today’s fast-paced world.

IBS Dehradun adopts excellent delivery process to groom student with new thinking, skills and right attitude. I would remain grateful to IBS Dehradun for providing me an opportunity to work in the organization of my liking at a handsome salary.

Tisha Dhodi
South Indian Bank
Class: 2012, IBS Dehradun

“I joined IBS Hyderabad in 1999 with no background in either IT, Commerce or Business. I found myself struggling with so many new subjects in my first semester. Thanks to the experienced faculty at IBS and the culture of learning, I quickly started to gain knowledge in these subjects. I developed some of the most cherished relationships in those 2 years at IBS and I can proudly say I made friends for life. Industry exposure through summer internship(SIP) and Management Research Program(MRP) helped me gain confidence to join the Industry and be productive from the start. IBS years have been truly foundational for my career and I continue to draw inspiration and guidance from the learnings I had at that time.”

Ameesh Kumar

Class: 2001, IBS Hyderabad

Whenever I am making new strides in my career, I always remember my IBS with gratitude. It gave me a strong foundation of management concepts that come very handy in my corporate life. The 2 years at IBS, the team work, combined projects, inter-college competitions, working odd hours to meet the deadlines and working with a diverse set of people, prepared me for the corporate world. My experience with IBS Jaipur was extremely wonderful. It has nurtured me and made me what I am today and helped me grow not only professionally but personality as a good human being. I would always be grateful to IBS for giving me multi-dimensional learning by providing me with the mix of academics, industry exposure, attitude and leadership.

“Having a long association with the institute over the years to come and we wish to continue our association with the institute all the success!!”

Sanesh Samad Karyad

“TBS Bangalore is part of our carefully curated B-Schools, across the country, that we have had the fortune of being associated with, for our campus hiring needs. Over the years, we have hired several students from this prestigious institution for the coveted Tax profile in our firm, and we have observed the quality of their students - in terms of their subjective and technical knowledge, communication skills, and emotional quotient - to be consistently superlative. The faculty and staff of the institution have also been very cooperative with us and been relentless in ensuring that our recruitment events are carried out in a smooth and organized manner, not to mention that our lofty business demands were always catered to gracefully. We wish to continue our association with the institute over the years to come and we wish them all the very best!”

Biplav Kumar

With my graduation in Zoology, I went to IBS to pursue higher education in Management in 2017. The exposure I got in IBS helped me to join Amazon in their Continuous Improvement Program Division. I am immensely thankful to IBS for inculcating in me the professional practices and knowledge.

IBS students are not only adaptable but also agile. They believe in their coach. They are very consistent, highly dedicated & devoted and come with abundant energy, which all organizations look forward to while hiring from campuses. What differentiates IBS from other B-Schools is that they engage with the recruiters through an year long process, not only for placements but for giving and receiving feedback, which is highly appreciated. I wish IBS and IBS students all the very best for the coming years.

Ajit George
